Introduction:

(Who I am) Patrick E. Brown
(Why I'm here) Chair Claire Hall is familiar as BMSRD and Chief Daniels have reached out to her.
I wish to share our story with each of you

History:

- 2006- non-compliance LIFE SAFETY + FAILED 2021
- We volunteered to be road commissioners to remedy
- A fatality took place in BB last year and response was greatly affected by our crowded too narrow streets.
- This last month, we had another emergency, and critical response time was greatly improved due to FIRE LANE SIGNS
- We have followed directions prescribed by Fire Marshal Chief Daniels and SDAO
- Fire lane signs are installed, some striping- and our levy has passed voter approval.
- Now, we need to have SO be able to issue citations whenever deemed necessary
- Not to punish by fines/towing- but to educate (only cite at the SO's discretion)

Today:

- Two of the BMSRD commissioners are retired from Fire Service

- My last 25 years was with Bend Fire and Rescue as a Capt/Paramedic
- I saw the Fire Marshal cite for Life Safety Hazards, where businesses were immediately shut down.
- Thus, we were surprised to learn that our pursuit of life safety has been forwarded to your legal department.
- I'm assuming it is merely meeting a protocol.
- It is our hope that you Commissioners will bless our endeavor and do so expediently (Summer is already upon us- and our number of cars is multiplying each weekends)
- Life Safety is our number one goal- for all who live, and recreate in BB
- We hope it will be yours.

THANK YOU FOR YOUR TIME AND CONSIDERATION.
